Practice on 13th

We are trying something new for this months extra practice. I'll be giving all of the student's homework that they will be responsible for. I'll post the video in their class group and they will have to learn it for class for the following Monday. I'll go over as much as possible in class and the rest you can learn from the video. We will do it in smaller groups to see who practiced. If you miss that day you can do it the following week.

Statement

As promised I have printed you out a statement. This has all of your invoices and payments this year so far. Please go over it and let me know if you see any discrepancies so that I can fix them immediately. This will help you keep track of your account. If there is a negative

number it means you have a credit. If you see an abbreviation it means you sold a fundraiser.
