## Communication On Band App

If you guys are sharing conflicts with me It's really helpful if you give me all of the details. The date and time and sometimes location if it affects your attendance helps me plan. I try to make things work for as many people as possible. The more I know the better I can plan

## Band App

If you haven't made yourself familiar with band app PLEASE DO. Pretty much everything you need will be on there. That's how we will communicate. Please let me know if you're having any trouble. This app is a gift from God ☺
